

## INDEX TO VOLUME 58

Classified entries: major subjects, key words, and results; botanical names (new names are in **boldface**); geographical areas; reviews, commentaries. Incidental references to taxa (including most lists and tables) are not indexed separately. Species appearing in Noteworthy Collections are indexed under name, family, and state or country. Authors and titles are listed alphabetically by author in the Table of Contents to the volume.

*Abies lowiana* and *A. magnifica* dwarf mistletoes, 101.  
Alpine flora of Sierra Nevada, CA, diversity and biogeography, 153.  
*Anemone tuberosa*, noteworthy collection from MEXICO, 205.  
Apiaceae (see *Lilaeopsis*)  
*Arceuthobium abietinum*, comparison on *Abies lowiana* and *A. magnifica*, 101.  
Arizona: Floristic patterns on late Tertiary lacustrine deposits in Sonoran Desert, 123.  
Noteworthy collections: *Artemisia pygmaea*, *Bursera microphylla*, *Fuirena simplex*, *Pholistoma membranaceum*, *Pulicaria paludosa*, 64; *Purshia glandulosa*, 65.  
*Arctostaphylos hooveri*, lectotypification, 256.  
*Artemisia pygmaea*, noteworthy collection from AZ, 64.  
Asteraceae: *Carduus pycnocephalus*, effects of eradication and restoration treatments on, 207; *Helianthus paradoxus* and *H. annuus*, comparison of  $\text{Na}_2\text{SO}_4$  and  $\text{NaCl}$  effects on growth of, 145; *Pentachaeta lyonii*, impact of invasive annual plants on, 69.  
Noteworthy collections: *Artemisia pygmaea*, *Pulicaria paludosa*, 64.  
*Astragalus kelseya*, new species from the Wasatch Mts. of UT, 185.  
*Aucuba* (see *Garrya*)  
  
*Bangiaceae* (see *Porphyra*)  
Bird dispersal of seeds (see *Olea*)  
*Boraginaceae* (see *Phacelia*)  
*Brassicaceae* (see *Draba*)  
*Bursera microphylla*, noteworthy collection from AZ, 64.  
*Burseraceae* (see *Bursera*)  
  
*Cactaceae* (see *Cylindropuntia*)  
*Calamagrostis*, morphology and phytogeography of native spp. from British Columbia, CANADA, 214.  
California: *Arceuthobium abietinum*, comparison on *Abies lowiana* and *A. magnifica*, 101; *Arctostaphylos hooveri*, lectotypification, 256; *Carduus pycnocephalus*, effects of eradication and restoration treatments on, 207; *Ceanothus roderickii*, edaphic ecology and genetics of the gabbro-endemic shrub, 1; *Clarkia unguiculata*, pollen siring success, 78; *Cylindropuntia X fosbergi*, study of hybrid origin, 106; *Darlingtonia californica*, pollination biology, 22; diversity and biogeography of Sierra Nevada alpine flora, 153; gabbro soils, plant distributions on, 113; *Lilaeopsis masonii*, taxonomic status, 131; *Olea europaea*, fruit size relation to seed dispersal by birds, 86; *Papaver californicum* and *Stylomecon heterophylla*, systematics, phylogeny and evolution of, 92; *Pentachaeta lyonii*, impact of invasive annual plants on, 69; *Pinus balfouriana*, population ecology and demography, 234.  
New taxa: ***Grimmia vaginulata***, 190; ***Mentzelia monensis***, 57. (See also *Phacelia*)  
Noteworthy collections: *Polemonium carneum*, 66; *Porphyra suborbiculata*, 201; *Sequoiaadendron giganteum*, 202.  
  
*Calyptidium parryi* var. ***martirense***, new taxon from Baja California, MEXICO, 258.  
CANADA (see *Calamagrostis*)  
*Carduus pycnocephalus*, effects of eradication and restoration treatments on, 207.  
*Ceanothus roderickii*, edaphic ecology and genetics of the gabbro-endemic shrub, 1.  
Chromosome counts: *Mentzelia thompsonii*, 51.  
*Clarkia unguiculata*, pollen siring success, 78.  
Colorado (see *Draba*)  
Compositae (see *Asteraceae*)  
Crawford, Daniel J., dedication of Vol. 58 to, 283.  
Cupressaceae (see *Sequoiaadendron*)  
*Cylindropuntia X fosbergi*, study of hybrid origin, 106.  
Cyperaceae (see *Fuirena*)  
  
*Darlingtonia californica*, pollination biology, 22.  
Desert floristic patterns on late Tertiary lacustrine deposits, 123.  
*Draba weberi*, noteworthy collection from CO, 204.  
  
*Elymus alaskanus* and *E. violaceus*, morphometric analysis of variation between, 32.  
Edaphic ecology, (see *Ceanothus*)  
Editor's Report for Vol. 58, 279.  
Ericaceae (see *Arctostaphylos*)  
  
*Fabaceae* (see *Astragalus*)  
Floristic patterns on late Tertiary lacustrine deposits in Sonoran Desert, 123.  
*Fuirena simplex*, noteworthy collection from AZ, 64.  
  
Gabbro soils, plant distributions on, 113.  
*Garrya*, molecular phylogenetics, 249.  
*Garryaceae* (see *Garrya*)  
*Gramineae* (see *Poaceae*)  
***Grimmia vaginulata***, new sp. from CA central coast, 190.  
*Grimmiaceae* (see *Grimmia*)  
  
*Helianthus paradoxus* and *H. annuus*, comparison of  $\text{Na}_2\text{SO}_4$  and  $\text{NaCl}$  effects on growth of, 145.  
Hydrophyllaceae (see *Phacelia* and *Pholistoma*)  
  
Invasive plants: *Carduus pycnocephalus*, effects of eradication and restoration treatments on, 207; *Olea europaea*, fruit size relation to seed dispersal by birds, 86; *Pentachaeta lyonii*, impact of invasive annual plants on, 69.  
  
Keys: *Astragalus* spp. similar to *A. kelseya*, 188; *Calamagrostis* of British Columbia, CANADA, 226; *Calyptidium parryi* and related spp., 266; *Mentzelia* Sect. *Trachyphytum* in Mono Co., CA, 62; *Phacelia campanularia* vars., 268; *P. floribunda* and *P. phyllomanica*, 270; *P. imbricata* vars., *P. nemoralis* vars., 269.

Lacustrine deposits, late Tertiary, floristic patterns on, 123.

Leguminosae (see Fabaceae)

*Lilaeopsis masonii*, taxonomic status, 131.

Loasaceae (see *Mentzelia*)

MEXICO (see *Anemone* and *Calyptidium*)

*Mentzelia*: *M. thompsonii*, chromosome counts and taxonomy, 50.  
New taxon: ***M. monoensis***, 57.

Montiaceae (see *Calyptidium*)

*Olea europaea*, fruit size relation to seed dispersal by birds, 86.

Oleaceae (see *Olea*)

Onagraceae (see *Clarkia*)

*Papaver californicum*, systematics, phylogeny and evolution of, 92.

Papaveraceae (see *Papaver* and *Stylomecon*)

*Pentachaeta lyonii*, impact of invasive annual plants on, 69.

*Phacelia*: New combs. ***P. campanularia*** var. *vasiformis*, ***P. imbricata*** var. *bernardina*, ***P. i.*** var. *patula*, ***P. nemoralis*** var. *oregonensis* 268.

*Pholistoma membranaceum*, noteworthy collection from AZ, 64.

Pinaceae (see *Pinus*)

*Pinus balfouriana*, population ecology and demography, 234.

Poaceae (see *Calamagrostis* and *Elymus*)

Polemoniaceae (see *Polemonium*)

*Polemonium carneum*, noteworthy collection from CA, 66.

Pollination biology (see *Clarkia* and *Darlingtonia*)

*Porphyra suborbiculata*, noteworthy collection from CA, 201.

President's Report for Vol. 58, 278.

*Pulicaria paludosa*, noteworthy collection from AZ, 64.

*Purshia glandulosa*, noteworthy collection from AZ, 65.

Reviews: *Introduction to Chaparral* by Ronald D. Quinn and Sterling C. Keeley, 199; *The Jepson Manual Vascular Plants of California, Second Edition*, ed. by Bruce G. Baldwin, et al., 273.

Rhamnaceae (see *Ceanothus*)

Rosaceae (see *Purshia*)

Salt tolerance (see *Helianthus*)

Sarraceniaceae (see *Darlingtonia*)

*Sequoiadendron giganteum*, noteworthy collection from CA, 202.

Sierra Nevada, CA, diversity and biogeography of alpine flora, 153.

*Stylomecon heterophylla*, systematics, phylogeny and evolution of, 92.

Tavares, Isabelle I., 1921–2011, In memorial, 67.

Utah (see *Astragalus*)

Viscaceae (see *Arceuthobium*)
